DAVID MUELLER'S INSTRUCTIVE VIDEO ON CREATIVE COMPOSITIONS

We have a great video for our November 21st Zoom meeting that looks at creating compositions that are out-of-the-box. OPA Master Signature Artist David Mueller's video is entitled "Creating Something Beyond." Members will see how to push their designs and look at employing unique (unusual) perspectives. David will also cover edge diversity and balance by showing lots of examples of his own and other well-known artists. This will be useful for figurative, animal, landscape and still life artists who want to make their work stand out from the usual.

You are invited to send one or two jpg photos to Cheryl Mathieson for Show & Tell.
